

COMPLIANCE MATTERS...

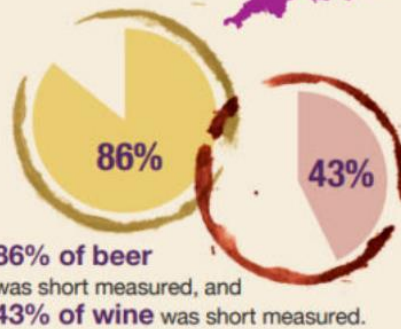

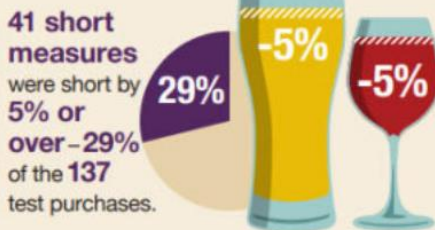

ESSENTIAL COMMUNICATIONS

Across both beer and wine, there were **96 short measures** found out of **137 tests**, so **70% short measures**.

We had **nine local authorities** take part in our survey, covering England, Scotland, Wales, and Northern Ireland.

A measure **15% short** was found on a 175ml glass of wine in Walsall, costing **£3.20**

The second-largest deficit of **13.14%** was found in Northern Ireland, on a glass of wine purchased for **£7.20**

The third-largest deficit of **12%** was found on a 175ml glass of wine in Havering, costing **£5.75**
